U.S. SHIPS TO SHUN SHANGHAI

CITY SCHOOLS WILL OPEN ON NEXT TUESDAY

**Munson Says Few
Changes in High
School Texts
NAME FACULTY**

The public schools of Kankakee will open for the 1937-38 school year on the day after Labor day, Sept. 7. It was announced today by Superintendent Irving Munson.

He asked that all pupils report promptly on that day, as it is impossible to organize the schools unless every pupil is present.

On the opening day there will be 20-minute periods in the high school beginning at 8:20 o'clock and the grade schools will be in session from 9 to 11 o'clock in the morning and from 1 to 3 o'clock in the afternoon. The early dismissal on the first day is to give the pupils an opportunity to purchase books and supplies.

Teachers' Conference

A meeting of all supervisors, principals and teachers has been called for Sept. 6 at 2:30 o'clock in the south study hall of the high school building to plan for the school year. After this conference, the high school teachers will meet in the north study hall and the elementary school teachers in the south one. Principals may meet with teachers of their respective schools in rooms to be assigned for that purpose.

All pupils entering the Kankakee public schools for the first time must present a transcript of their birth record from the county clerk of the county in which he or she was born. This applies to all pupils entering the first grade and such other pupils entering the school system from other school districts for the first time, either high school or grade. Children who are six years of age or six years or more before Feb. 1, 1938 will be admitted to the 1-B grade.

Same Text Books

There are no changes in the text books in the grade schools. The only changes are in the high schools and these are—Freshman English Classics, Business English, English Literature, First Year French. All other text books in the entire school system are the same as last year. Whenever possible, pupils are urged to purchase books and supplies before the first day of school.

General supervisory appointments by the school board are as follows: Irving Munson, superintendent; Olive M. Humphrey, supervisor of music; Margaret Ashbury, supervisor of art; George E. Pierson, director of bands; Beulah Myers, nurse.

Diamond Jubilee of Momence Church

St. Patrick Catholic church of Momence will mark the 75th years since its organization on Sunday when the diamond jubilee homecoming is held. The Rev. T. U. Demarais, erstwhile curate of St. Rose church, is the pastor.

Besides the usual homecoming activities here will be children's amateur contest on Sunday afternoon. Boys and girls not over 15 years of age will be eligible to compete for the three cash prizes. Those who are entering the event are requested to meet at the church hall Friday evening at 7 o'clock. The out of town contestants need not report until Sunday afternoon. Father Demarais says. The contest will begin at 3:30 o'clock.

The evening entertainment will include a musical program by local talent and there will be dancing on the new floor in the church hall.

Friend of Family Takes a Child for Walk and Slays

Detroit, Aug. 31.—(AP)—A 45-year-old automobile worker, whose wife told officers he had been subject to irrational spells since the death of his own daughter eight years ago, led police today to the body of Evelyn Mack, 16, hidden in a clump of weeds at the outskirts of the city.

Police Lieut. Walter Bachor said that Joseph Jacobs, a friend of long standing of the Mack family, confessed he pushed the child's skull with an auto crank, yielding to an impulse he could not explain.

Jacobs, 41, said, told him he killed the girl on a bench, shortly after he had a quarrel with her mother from her mother.

May Enter Race

A 40-year acquaintance with politics apparently ended for Mrs. Joseph T. Robinson, shown here in a new photo, with the death of her husband, senator from Arkansas. Then came a chance to return to campaigning as friends urged her to enter the special election as a candidate to succeed her husband. Arkansas now has one woman senator, Mrs. Hattie Caraway, who succeeded her husband in 1931.

KIWANIANS TO CONVENTION AT JOLIET 100%

**High School Band
Will Accompany
Delegation**

The spirit of cooperation and loyalty among members of the Kankakee Kiwanis club was demonstrated in yesterday's session at McBroon's cafe when the club voted to register 100 per cent at \$1 each at the three-day convention of the Illinois-Kiwanis district which opens Monday at Joliet.

The action was taken in response to a brief talk before the club by Lou Pifer, representing Joliet Kiwanians, who declared the local members could do no less in recognition of their fellow clubman, Attorney Donald Gray, who is lieutenant-governor of the district.

It was announced by President Vernon McBroon that George Pierson, newly commissioned chairman of the international Kiwanis music committee, would have the high school band and his own swing band at the convention.

Ferris Speaks

The speaker at yesterday's meeting was B. B. Ferris, president and moving spirit of the Kankakee County Historical society, who said the organization now has over 1,000 items of historical interest on display in its rooms on the third floor of the courthouse.

Mr. Ferris asked for greater interest by the general public in the collection and that this interest be demonstrated by memberships at a nominal fee in the society so that

Woman Hacked to Death in Chicago

Chicago, Aug. 31.—(AP)—A woman police identified as Mrs. Mary Stefaniak, about 60, was found hacked to death today in her basement apartment on the near west side.

West North avenue police ordered a search immediately for her son, Richard, about 28. They said neighbors reported the man had been observed drinking earlier in the day. Officers said the woman apparently was killed with a hatchet.

7 KILLED AND MANY INJURED IN BUS CRASH

**Overtakes After It
is Sideswiped by
a Sedan**

GOSHEN, INDIANA

Goshen, Ind., Aug. 31.—(UP)—Seven persons were killed and at least 20 others injured today when a Chicago-New York transportation bus overturned in a ditch north of here.

The bus, a Greyhound lines vehicle, carried 36 passengers and a driver when it left Chicago at 6:10 a. m. for New York via Toledo and Cleveland, O.

Rescue crews searched the wreckage for possible additional fatalities among the 36 persons reported aboard the bus.

Known Dead

A. G. Carpenter, Iowa City, Ia. Mrs. James Kelleher, Chicago. Raymond Bulfinch, St. Louis, porter on the bus.

Four other bodies were taken from the wreckage.

The unidentified dead reportedly included the driver of an automobile which had sideswiped the bus and Joseph Szasz, Cleveland, O.

Most of the injured brought to hospitals here sustained cuts and bruises but were not considered in serious condition. Among those brought here were:

Mrs. Carpenter, wife of one of the dead men.

Mrs. Adolph Ladis, 43, Lexington, Mo.

Clyde Schakhtelle, New York City.

Mrs. Winnie Jackson, 60, Chicago.

James Kelleher, 28, Chicago.

Mrs. S. Stetzelberg, New York City.

Mrs. John Heinsohn, 51, Buffalo, N. Y.

Mrs. Josephine Dunn, 25, San Francisco.

Mrs. Marie Janssens, 54, Chicago.

Renee Kalkth, 17, Chicago, granddaughter of Mrs. Janssens.

Mrs. Gladys Schmaemann, 27, Cleveland, and her children, Loren, 12, and Doris, 10.

Up-side Down

Some of the injured and possibly additional dead were taken to the hospital at Elkhart, 20 miles distant. Among those injured and taken to Elkhart were:

Charles Baker, 21, Marion, Ill. suffering broken ribs.

Mrs. Andrea Stetelia, 35, home address unknown, and her small daughter, who was unconscious.

Survivors said the accident occurred when a large sedan ran through a stop sign at the intersection of roads 15 and 20 sideswiping the bus.

Cabery Man's Will Makes Trust Fund

The will of Charles A. Gesse of Cabery, whose death occurred recently, was filed for probate today in the office of County Clerk Walter J. Richter.

The will, drawn in 1934, sets aside \$150 for a family monument in St. Joseph cemetery near Cabery, then gives the remainder of the estate to a son John J. to hold in trust for himself and three other children: Mrs. Elizabeth Keller, Charles F. and William A. each to receive a fifth of the estate. The other share is to be divided among grandchildren William, Paul, Lawrence, Dolores and Viola Sadler. The son John is named executor.

moon rises at 1:33 a. m. Wednesday.

Generally fair tonight and Wednesday, although unsettled at times locally; continued warm.

One Victim of Indiana Crash Expires Here

William Coleman, Atkins, 25, son of a wealthy and socially prominent family of Indianapolis, died at 5:30 o'clock this morning in St. Mary hospital, the victim of an automobile crash.

He suffered a fractured skull, broken jaw and deep cuts on the face when his automobile and that of Frank Petty, 27, of Louisville met in a head-on collision on U. S. highway 41 near Lake Village, Ind. Sunday evening.

Coroner A. E. Kerger was to swear in an inquest jury today so that the body might be removed to Indianapolis for funeral services and burial. The inquisition will be conducted later in the week when testimony of other persons involved in the accident is available.

Meanwhile, Mrs. Lucille Petty, 24, wife of the driver of the second car, is in a critical condition in the local hospital with a fractured skull. She has been unconscious since the crash.

Five persons were injured in the accident, the others being Mrs. Browne Atkins, 27, bride of the deceased, who suffered fractures of a leg and an arm and an amputated finger. Mrs. Madge Miskimen, 52, who has a fractured arm, bruises and lacerations, and Petty, who has a broken leg.

LEGIONNAIRES READY TO END 4-DAY SESSION

**To Elect Officers
and Pass on Resolutions**

Springfield, Ill., Aug. 31.—(UP)—Election of officers and action on resolutions having to do with more than a score of subjects featured the closing day today of the Illinois American Legion four day annual state convention.

Legionnaires met in the new state armory for two heavy business sessions. This morning they heard an address by Maj. Gen. Frank Parker retired and received resolutions. This afternoon they elected officers and voted on resolutions.

Leonard Applquist, Aurora, senior vice commander, was slated for unopposed election as state commander to succeed Matthew Murphy, Chicago, Rev. George Powell, pastor of the Catholic Annunciation church at Bunker Hill, was expected to be named state chaplain.

Resolutions which would extend the privilege of voting on the city manager form of government plan to all cities instead of to only those above 5,000, and asking a full study of state civil service laws were to be acted on.

Arthur G. Poorman, Chicago, chairman of the Legion legislative committee, said his committee was sponsoring the resolution to have the city manager form of government plan extended to all cities of the state.

Permanent CCC Camps

The resolution having to do with studying the Illinois civil service laws is sponsored by Lawrence J. Fenlon, Chicago, chairman of the Legion employment committee. The committee also favors making CCC camps permanent.

Three of five candidates remained in the field for the post which Applquist will leave to take over state command. They are William G. Murry, William Wilson and Edward Clamage, all of Chicago.

Joseph de La Cour, Chicago, withdrew from the contest yesterday. Another candidate in the early electioneering, Edward F. McGinnis, Chicago, withdrew Sunday.

Paul G. Armstrong, Chicago, was unopposed for reelection to the national committee, and Rev. Francis Lawlor, "pastor of St. Michael's Catholic church at Hume, was expected to be elected.

Onarga Band Tutor to Watseka High

Watsaka, Aug. 31.—(RN Special)—Captain P. O. Homer, who has been music director and band instructor at the Onarga military academy since 1929, has been engaged to instruct the Watseka high school band this year.

Watseka has been without a band for eight years and the community is glad to see music and band instruction brought back into the high school.

Capt. Homer will start band practice next week.

Cotton Plants and Big Tomatoes Grow Here

Two specimens of plant life unusual for this section are depicted here with their growers. Upper photo shows Jacob B. Sauer of 231 North Washington avenue, who at 73 began the cultivation of cotton plants in his back yard as a curiosity. His son and daughter-in-law, Mr. and Mrs. Edgar Sauer of San Antonio, Texas brought the plants here on a visit last October. Mr. Sauer planted them in May and the first blossom (indicated by arrow above) appeared yesterday. This morning three blossoms were out. They are white for one day, turn pink the next, then drop off. If the season is long enough, the cotton boll will burst open, yielding the fluffy white cotton fibers. This is the only cotton known to be growing in open fields in Kankakee county. Lower picture shows Roscoe Craig of 148 North Washington avenue, Bradley, and his son, Edward, 11, in their tomato patch which yielded tomatoes as large as indoor baseballs.

Fine James Ortman \$100 for Drunken Driving Downtown

James Ortman of 130 East Court street, motorist arrested at 2:55 a. m. yesterday by police on charges of drunkenness and reckless driving, was fined \$100 and costs by Police Magistrate Edward Hoenicke after pleading guilty.

Ortman paid \$25, made arrangements to pay the remainder and was released. Earlier in the evening Ortman had turned his car over on the highway near Momence when one wheel ran off the pavement and he attempted to steer it back on.

Passersby helped him right the car and he came on home, putting the auto away. Several hours later he climbed into it again and drove it around and around the Court and Schuyler block, forcing cab drivers to leave their parked taxis in fear of being hit.

Chinese Regret the Bombing of U.S. Ship

Washington, Aug. 31.—(AP)—Ambassador Chengting T. Wang of China expressed to Secretary Hull today his government's "profound regret" for the bombing of the American liner President Hoover near Shanghai yesterday.

Soon after the bombing, which Chinese authorities conceded was by Chinese aviators, Hull ordered a strong protest to Nanking.

The Chinese had stated their willingness to take amends action, but today's formal expression of regret was the first official step they had taken to that end.

Ambassador Wang issued a statement to newsmen after calling on the secretary.

Wang said in the statement that the bombing of the Hoover was a "mistake" and that the Chinese aviators had no intention of attacking the ship of any friendly country.

Ray Riley is Local Champ in Hard Luck

Ray Riley of 317 1-2 East Chestnut street, has returned to his home from Berwyn hospital where he was taken following severe leg burns received when a can of gasoline ignited and threw fire on him in a Chicago used car lot.

In company with William Kennedy, he went to the lot to drive back used cars last week. One of the vehicles, standing on an incline wouldn't start, so the attendant at the lot primed the carburetor with gasoline from a can. The motor backfired and ignited the fuel.

The attendant, burned on the hand, threw the can aside and it landed at Riley's legs, wedged between two autos parked close together. Before he could extricate himself the flames had burned off his trousers to the knees and seared the flesh black on both legs from the ankles to knees.

Riley, in intense pain, can move his legs only slightly, but remains in good spirits. Lad luck seems to have dogged him the past year. Last winter his head and eyes were burned when gasoline from a blowtorch exploded in his face while he was thawing out frozen water pipes.

He recovered from these injuries only to fracture his ankle in a fall downstairs at his home. In the meantime, his wife's father committed suicide, her grandfather died, they buried two cousins a few weeks ago and her daughter was sick.

Last Filing Day in Iroquois Election

Watsaka, Aug. 31.—(RN Special)—Today is the last day for candidates to file for nomination for county judge of Iroquois county.

Four Republican candidates had filed up to this morning. They were Attorney Arthur Bohm, John Palisard, A. F. Fred Kendall and Miss Jessie Sumner of Millford.

It is still a question as to who will seek the Democrat nomination. The primaries will be held Oct. 19 and the election Dec. 7.

Mercury Climbs to 93 Here Yesterday

The temperature scurried up to 93 degrees yesterday afternoon, not the highest mark of the season, but the accompanying high humidity made the weather unusually oppressive.

The same condition existed today. The low mark during the night was 74 at 6 o'clock this morning.

HOSPITAL HAS ITS ANNUAL TAG DAY ON SEPT. 18

**Money Used to Cut
Deficit; Buy New
Equipment**

Officials of St. Mary hospital, in announcing their annual tag day to be held Saturday, Sept. 18, on the business streets of Kankakee, revealed today that a greater amount of charitable work than usual has been done this year.

Their tag day, which is the method used to meet the deficit incurred by charitable work, has the endorsement of the city administration, the chamber of commerce and other local groups.

An unusually large number of pneumonia cases has been successfully treated in the new oxygen tent apparatus used for the first time last winter. Several patients have acknowledged the hospital's part in saving their lives through this equipment, and some of these were charity cases.

The carnage wrought by crashing automobiles on the highways has had a telling effect upon the local hospital which has had to lend assistance to an ever increasing group of accident victims unable to pay more than a small part of their hospital fees.

The work of saving lives, however, goes on at St. Mary's 24 hours a day, and it is for these reasons that the institution makes its appeal for public support. It has no endowment nor does it receive state or municipal aid.

Open to All
Although conducted by Catholic nuns—Servants of the Holy Heart of Mary—it admits patients of all creeds and gives the same efficient care without discrimination.

It performs the services of a county hospital in the absence of any such governmental-supported agency here. Relief patients are given full treatment, although the infirmary receives only a fraction of the cost of such services from the governmental agencies.

ARRANGE REUNION

Mrs. Adella B. Moore of Caledonia, Mo., former resident of Kankakee and descendant of the pioneer George Breckenridge family, who helped establish the oldest Presbyterian church west of the Mississippi river, was chairman of a family reunion held Sunday on the lawn of the church manse at Caledonia. Nearly 200 were present.

Bendix Trophy Race Starts From Western Coast Friday

Los Angeles, Aug. 31.—(UP)—Planes believed capable of 350 miles an hour speed, and equipped to cross the country without a stop, were being tuned up today for the Bendix trophy race which starts from the union air terminal here Friday morning.

The transcontinental record is 7 hours and 28 minutes, set by Howard Hughes, who did not enter the contest this year.

One of the favorites today was Fred Fuller, a San Francisco sportsman, who has a bullet-shaped Seversky racing plane, similar to the Seversky pursuit planes used by the army. Fuller's machine is credited with 350-mile speed and he has added fuel tanks in hopes of making a non-stop flight.

The rules provide that the racers shall pass the Cleveland airport. They may continue east if they prefer, to Newark, N. J., or to Bendix, N. J., where the sponsor, Vincent Bendix, has a factory. The first five racers to reach Cleveland, however, share \$20,000 of the \$28,000 prize money.

Two other Seversky planes were considered possible starters. One

NAVAL VESSELS ONLY TO ENTER FAR EAST PORT

**Peril To Civilian
Life at Sea is
Increasing
FIRE IS STEADY**

BULLETIN

Nanking, China, Aug. 31.—(AP)—Court martial awaits the Chinese aviators who bombed the Dollar liner President Hoover.

That was announced today from the headquarters of Generalissimo Chiang Kai-Shek.

(Japanese naval authorities announced yesterday that their seaplanes had shot down one of the four planes which bombed the Hoover, and that the plane was of American make).

BULLETIN

Tokyo, Aug. 31.—(AP)—The newspaper Nichi Nichi said today in a dispatch from Otaru that the captain of the Japanese freighter Juto Maru had reported his ship was captured and detained by a Russian patrol ship for 70 days before being released.

The captain said the Soviet authorities charged the Juto Maru had entered Soviet territorial waters. The Japanese government was understood to be preparing a protest.

By JAMES A. MILLS

Shanghai, Aug. 31.—(AP)—Cholera broke out tonight in Shanghai's French concession, where most of the city's Americans live.

The outbreak became known shortly before midnight, after a day in which United States authorities closed the port of Shanghai to all American ships except naval vessels, marooning for the time being some 2,000 Americans who have not been evacuated from the zone of Shanghai Sino-Japanese war.

Meanwhile an unidentified bomber attacked but did not damage the Italian operated steamer Lung Shan, filled with Chinese refugees, and Japanese forces, on sea air land, opened an offensive 12 miles north of Shanghai which, they said, resulted in the capture of strategic Wooning, its railway station and its forts.

Hope to Check Disease
French concession authorities took every measure to halt the spread of the cholera, deadly intestinal disease which yearly takes its toll under statistics.

Earlier in the day, with cholera dangers rising from overtaxed sanitation facilities and the steady

best in several years, the weekly crop report of the U. S. and Illinois departments of agriculture said today.

The report, prepared by Acting Assistant J. M. H. Smith, said that corn has made fine progress with about 68 per cent of the crop now near either the dough or hard stage. The report said that the crop in 1934 in the South Atlantic States, from 75 to 94 in southern Illinois.

growth. Ideal weather prevailed for the past week, and the crop is now cutting well of alfalfa. Pasture condition improved in areas favored by rains. Livestock condition continued good.

Peaschers' holdout strengthened during the week under the impetus of wide distribution and good demand for the product.

"The planing for this year will be total 7,800,000 bushels, said the report. The forecast was increased by 100,000 bushels because of the favorable weather which has brought. Frequent rains have helped the seedlings growing in market.

"Another favorable week for the advancement of corn and soybeans with ideal conditions prevailing for harvesting the large peach crop are indicated," the report said. "The moderate to heavy rains which occurred August 22nd and 23rd maintained the ground and surface moisture pastures."

"Although plowing for wheat is about one-third completed for the state as a whole, it ranges from 10 to 60 per cent completed in the important southern winter wheat area. Grassopercs are concentrating in alfalfa. Young clover and soybeans as plowing becomes more general and have caused spotted damage."

"Boll moisture in the more favored areas is sufficient to mature the corn crop. With a reasonably late

high quality crop appears are sizing well and promise a large crop.

induced by the 1936 drought, Des Moines said.

TERRY FARR'S FIGHT MAKES HIT WITH U.S. FANS

Hitting, Pitching Carry N. Y. Giants to Top

TERRYMEN LICK REDS TO CREEP AHEAD OF CUBS

Associated Press Sports Writer—Old John McGraw, who is probably the greatest manager in baseball history, today looked down on his New York Giants today and found the way well-nigh perfect.

They were leading the National league by a margin thin as a dime, but leading, nevertheless—and a trio of McGraw men showed the way.

First, there was Bill Terry, who can take a bow himself for the way he handled the reins since old John gave them up in '32. Then there was the pitcher, who today handled the reins since old John gave them up in '32. Then there was the pitcher, who today handled the reins since old John gave them up in '32.

St. Viator Tennis Courts Open for Public Playing

The newly constructed concrete tennis courts at St. Viator college are to be thrown open to the public today, announced today.

Tennis enthusiasts of this vicinity have asked the college to open the courts to the public on a playing fee basis. After giving the matter considerable thought, the college authorities have decided to open the courts today and tomorrow and the office on the campus. The playing fee will be 25 cents per person per hour for singles, and 20 cents per person per hour for doubles.

Dorais Rests Win Hopes on Aerial Attack Tomorrow

Chicago, Aug. 31.—(UP)—The college all-stars, placing high hopes for victory on the accurate pass arm of Sammy Baugh, ended training today for their battle with the champion Green Bay Packers tomorrow night at Soldier's field.

Apparently at a physical peak for the battle, the college stars, led by Coach Curley Lambeau, led his Packers into the game for work.

On the face of things, the game should be a wide-open one, with the Packers having the best known aerial team in pro ranks. Arnie Hester, who does the passing, and Don Hutson, who does the catching, are the stars. Both teams, however, are expected to be in top form, and the line and the line will be decided on the ground.

Farr Stays Fifteen Rounds, But Loses To Louis

Tommy Farr, the upstart boxer from Tonypandy, Wales, who surprised everyone by staying fifteen rounds with the champion Louis, was shown here (right) putting his weight behind one of the punches that enabled him to win the ninth round. Referee Arthur Donovan is at left.

NEUTRAL SHIPS ARE HALTED ON CHINESE COAST

Japanese Claim It Is for Purpose of Identity AWAIT "DRIVE"

By H. R. Ekhus
(Copyright 1937 by United Press)
Shanghai, Aug. 31.—(UP)—A Japanese spokesman admitted today that Japanese warships had stopped and boarded several neutral merchantmen in carrying out a blockade of the China coast.

The spokesman did not name the ships. He had just made a statement that the blockade was not interfering with neutral shipping when, in reply to questions, he admitted that neutral ships had been stopped and boarded in order that blockading warships might ascertain their identity.

This new threat of complications involving the United States and other countries came as United States naval authorities warned that American shipping away from war-endangered Chinese ports, and the American liner President Hoover, bombed yesterday by a Chinese airplane, reported that one seaman had died of wounds.

The Japanese opened a "final" drive for Shanghai but met stout resistance from Chinese regulars north of the city. They said that they captured the village of Woonung on the Whangpoo after a warship and airplane bombardment, under whose cover they landed reinforcements.

"Warming Up Exercise"
Explaining the slowness of the "final" drive, a Japanese spokesman said that this was the "warming up exercise."

Japanese authorities made one concession to foreign safety today. A spokesman said that the Japanese would give warning before they made any further bombing raids on the Nanking section, adjoining the French concession and the international settlement.

But at the other end of the settlement, two Japanese planes dropped four bombs near the Markham road bridge, which is on the border of the international area.

Admiral Harry E. Yarnell, commanding the American fleet, and Consul General Clarence E. Gauss conferred today on plans to remove remaining Americans.

News of the death of Seaman Lloyd Haskell, one of those wounded when the American liner President Hoover was bombed yesterday by a Chinese plane, increased the determination of American officials to do their utmost to safeguard lives of United States citizens.

Haskell died as the President Hoover made her way across the China sea today with eight other crew members and several passengers wounded on her way to Kobe, Japan, and San Francisco.

Because of the emergency ban on American shipping in Chinese war ports, the Dollar liner McKinley, due here tomorrow from Manila, is to take on refugees, will go direct to Japan instead, and continue on to Seattle.

As American authorities conferred on refugee evacuation, and the United States embassy at Nanking prepared to protest the President Hoover bombing to the Chinese government, the Japanese opened their big "final" drive on Shanghai.

There were indications, however, that the "final" drive was not, so far, the bone crusher it was intended to be.

The Chinese were believed to be withdrawing their main army to stronger lines west of Shanghai. But Chinese official communiques asserted that in the vicinity of Lohien, north of Shanghai and near the center of the Japanese spear-

head of attack, the Chinese were holding fast and threatening only Japanese with isolation.

Chinese war planes harassed the Japanese troop lines and Japanese warships in the Whangpoo throughout the night.

Shelling in the city area started early and became heavy. Big Japanese shells began falling in the north of the station section north of the international settlement.

The American embassy at Nanking, the capital, awaited instructions from Washington on the nature of its protest to the government against yesterday's bombing of the President Hoover.

The Chinese government spontaneously confessed full responsibility for the attack and expressed deep regret.

There were indications, however, that the "final" drive was not, so far, the bone crusher it was intended to be.

The Chinese were believed to be withdrawing their main army to stronger lines west of Shanghai. But Chinese official communiques asserted that in the vicinity of Lohien, north of Shanghai and near the center of the Japanese spear-

NEW OFFENSIVE BY LOYALISTS; CLAIM VICTORY

Dislodge Insurgents from Tight Grip; Sierra Nevada FOOD IS SCARCE

Madrid, Aug. 31.—(AP)—The capture of several strategic mountain positions in the Sierra Nevada range west of Almeria was announced by Spain's government today in communiques telling of a new offensive in southern Spain.

Government forces dislodged insurgents from their tight grip on part of the Sierra Nevada, which is some places rises to heights of 10,000 feet.

The insurgents have held the entire length of the range, running westward from the sea behind Almeria, since the fall of Malaga February 8.

The government troops, in a series of attacks extending over several days, wrested strategic positions from the insurgents in the vicinity of Orjiva, Darnajo and Galar, points overlooking Granada.

Counter Attacks
The insurgents made several strong counter-attacks but the government paid all of them were repulsed.

It was disclosed, meantime, that the Valencia government, in combating mounting food costs, had fixed minimum whole and retail prices on essential foods. In most cases the prices set represented drastic reductions in current costs.

The price of eggs, for example, which had been selling in many places for the equivalent of one dollar a dozen, was fixed at 13 cents a dozen. Coffee, similarly, was cut from 10 to 15 cents a pound.

There were indications, however, that the "final" drive was not, so far, the bone crusher it was intended to be.

Battle With Red Elements Is Feared As British Trade Union Congress Convenes

By CHARLES A. SMITH
International News Service
Staff Correspondent.
London, Aug. 31.—(INS)—Stormy sessions were being predicted today for the annual Trades Union Congress, representing the unions of the country, which will open Sept. 6, in Norwich, Norfolk county capital.

Red elements were reported to be preparing to stage major demonstrations against Ernest Bevin, this year's Congress chairman, because of his recent firm action against hooligans in his own union, the Transport and General Workers.

Bevin, often called the John L. Lewis of England, was reported to be preparing himself to engage the battle. His friends within the T. U. C. were determined to ensure that Bevin would not be shouted down by a minority.

To Prevent Red Outing
Predictions were being taken to make sure Bevin does not have a reputation of scenes which marred the Nottingham Congress a few years back, when Red agitators were individually removed from the hall by a group of men.

Summary of the resolutions indicated exciting debates on numerous controversial issues, Congress was expected to endorse the following resolutions, however:

A forty hour working week without reduction in wages.
Two weeks annual vacation with full pay for everybody employed in industry.

The raising of the general school leaving age of 15 with adequate maintenance allowances.
Amendment of the Unemployment Assistance Act to abolish the much-criticized "means test."

Inclusion of non-manual workers in national health and unemployment insurance schemes by raising the salary limit to \$1,500.
Pension at 60.

Pension of five dollars a week for all workers at the age of sixty.
Nationalization of electrical power.

There were indications, however, that the "final" drive was not, so far, the bone crusher it was intended to be.

The Chinese were believed to be withdrawing their main army to stronger lines west of Shanghai. But Chinese official communiques asserted that in the vicinity of Lohien, north of Shanghai and near the center of the Japanese spear-

vision of public and private school population in 1937-38 were:
Kindergartens and elementary schools, 22,850,000; high schools, 6,400,000; colleges, 1,250,000.
E. M. Foster, statistical chief, said total public school enrollment, which previously had been increasing annually, decreased last year because the drop in elementary schools was greater than high school increases.
